Blenz Coffee is excited to introduce its *Frosted Mint Mocha* this Holiday Season.

Continuing our tradition as the industry's product innovator, this year Blenz introduced a unique and exciting way of serving Mochas and Hot Chocolates.

We make each drink to order using Callebaut™ Belgian Chocolate Chips!

Our Customers can now choose from Dark, Milk or White Belgian Chocolate Chips.

Blenz uses all natural, authentic ingredients. There are *no* powders or premixes used.

A Blenz Frosted Mint Mocha is made with Belgian Chocolate Chips, Freshly Steamed Milk, a dash of Natural Peppermint and a shot of our famous Pacific Espresso.

Quality is simplicity.

Blenz Coffee. *feel good, feel better*™
